in 1957**

AYDY Consultancy

Crypto consulting information

The Consultancy group commitment to excellence and quality remains the key driver behind its success.

The AYDY name is strongly embedded in the rich history of the European, GCC/Middle Eastern region and of course under the Arabian Empire.

One of the European, GCC/Middle Eastern leading diversified companies

With its head offices in three countries - established in general consultancy and tailored for governments, UHNWI and private sectors - AYDY Consultancy has over 117 employees across its portfolio companies. Catering to various projects across the region and a wide network of clients.

Active fields

AYDY Consultancy managed to diversify its business by adding on to its advisory experts and investments. Since then, the company went into a mode of expansion entering various industries and maintaining a leading edge of success in each of them.

**Shipping & Transportation
Construction & Interior
Trading & Commodity
Manufacturing**

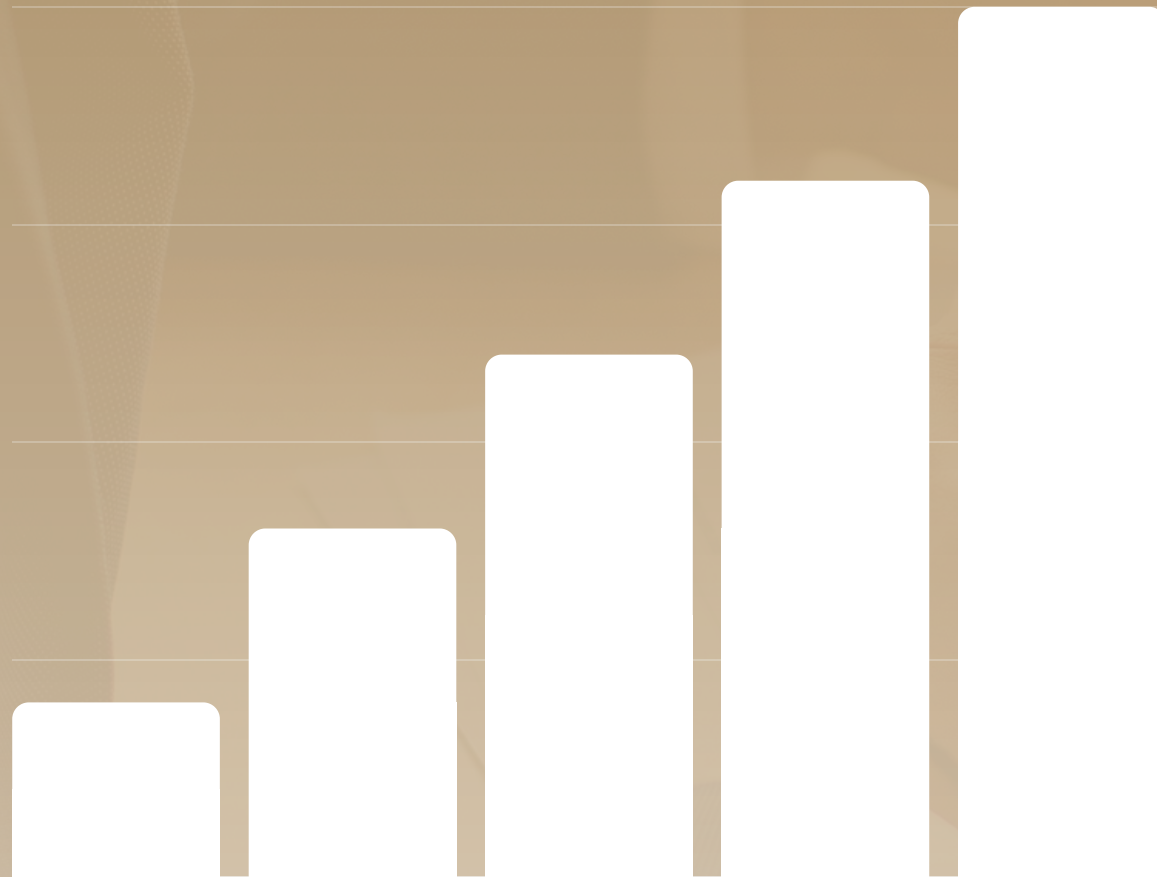

**Real estate hospitality
Governments
Agriculture
Oil & Gas**

**Conglomerate / UNHWI
Banking & insurance
Security
Media**

The different sectors of AYDY Consultancy were thoughtfully built to form one continuous circle of expertise dedicated to technical excellence and client satisfaction.

Our historic steady growth is attributable to our business philosophy of implementing higher levels of expertise and executing projects that are profitable for all stakeholders.

Crypto and NFT intermediary

Marketing is a crucial factor when it comes down to the success of a project. In most cases the funds is there, but the reach isn't. That is where we come in with our service. For example this may vary from Premier League football stars, your favourite celebrity or being written about in one of the top news platforms.

Here at AYDY Consultancy no celebrity, platform or athlete request is out of reach.

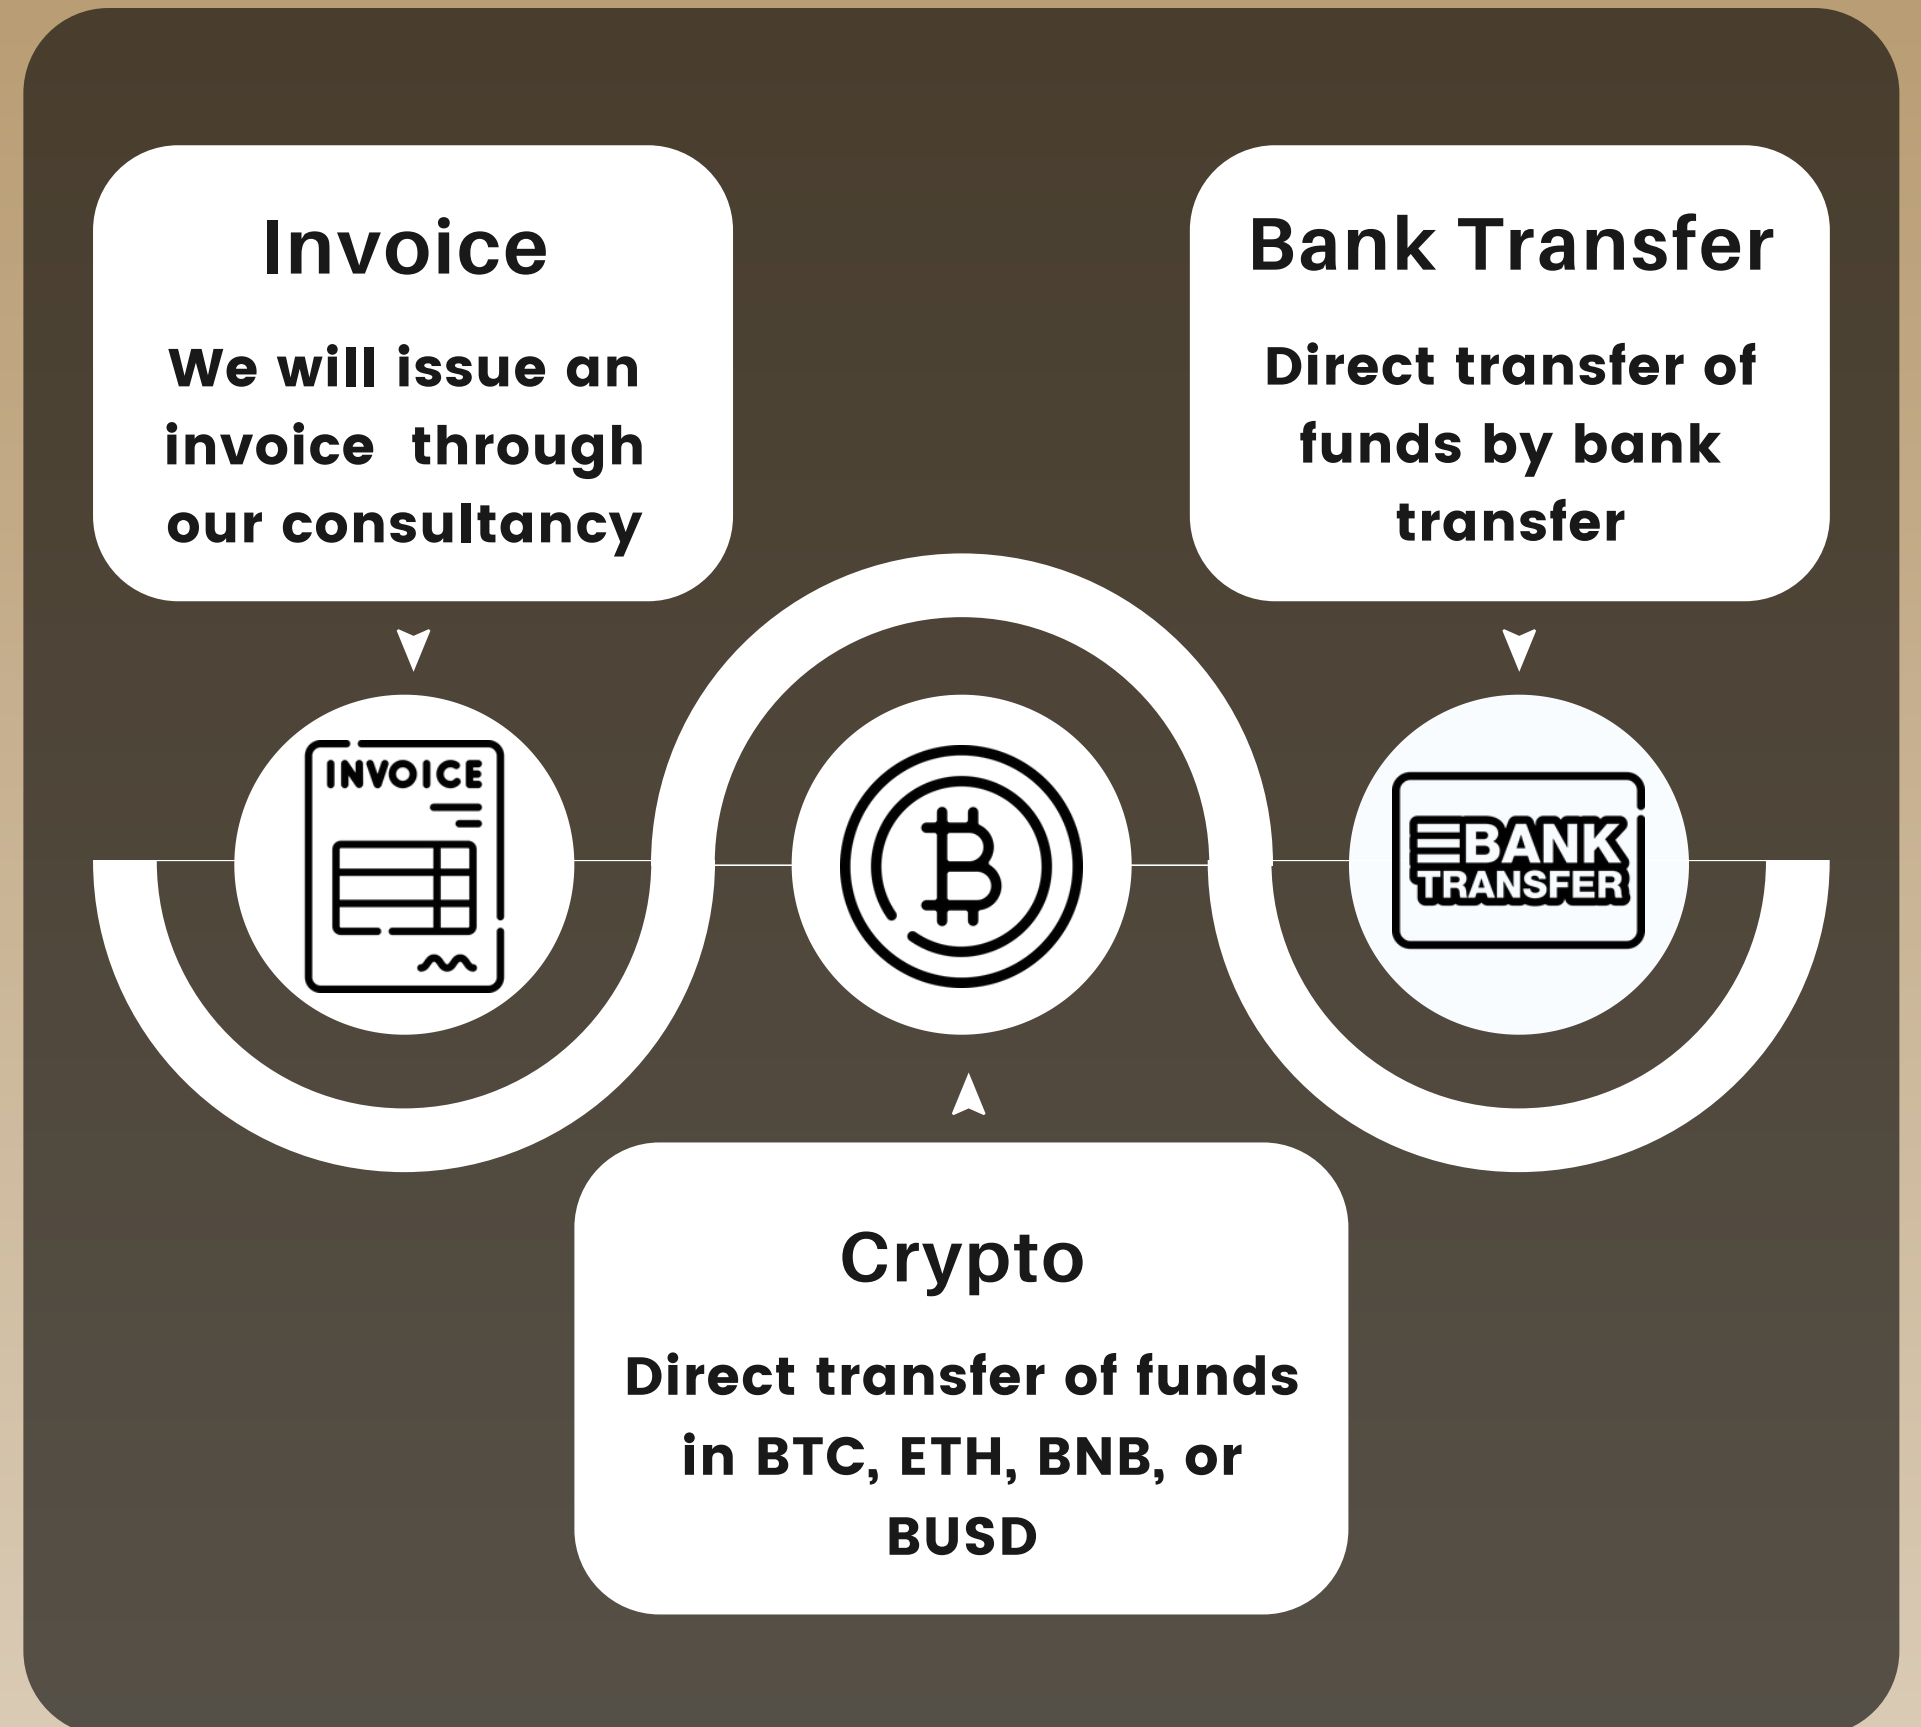

Client gets in touch with us regarding an enquiry.

We will get the information required for the client regarding the possibilities and pricing.

Once the client is ready to proceed we will arrange an (contractual) agreement between the two parties

CRYPTO AND NFT INTERMEDIARY PAYMENT

We have understanding for projects and developers that choose for anonymity and for this reason accept crypto payments as well as the traditional payment methods
